FGDTLC (W) Ratification Vote Results

We are pleased to announce that the results of the ratification vote held today are in, and that the tentative Ship Repair West Collective Agreement has been accepted by the majority of the FGDTLC (W) membership.

The Council Executive would like to thank each and every member who took the time to vote and exercise their democratic rights in this way.

I would also like to thank the Bargaining Team for their work on behalf of the membership.

The employer will be notified immediately, and we will have this officially signed as soon as possible.

In Solidarity,

**Des Rogers
President
FGDTLC (W)**
