Ship Repair West Bargaining Group - Tentative Collective Agreement

Please find attached to this bulletin the official rates of pay as released to us this morning by Treasury Board. As we had reported previously at the special meeting of the Council held earlier this week, the rates of pay that we had originally sent out were not official and there were some anomalies. This is the correct and official version from the employer.

The vast majority of members we have spoken with have indicated very strongly that they do not feel any need for a general meeting to discuss this tentative agreement as it is very self-explanatory. If any members have questions regarding the tentative agreement please send those to councilwest@shaw.ca and we will respond. For any Delegates whose shops have questions, please compile the questions and send those to us as well. Members can also discuss with their Council Delegates or Affiliate Unions as all representatives were present at the special meeting.

We will be communicating ratification vote date and location in the coming days as soon as we firm those up.

In Solidarity,

Des Rogers
President
FGDTLC (W)
