

FMF Cape Breton – Op LASER Update 21 May 2020

**Current Posture:
3C “Protect” - Minimum Manning**

Update Message

The Commanding Officer has issued his order for Limited Business Resumption (BR) at FMFCB. This order requires BR from 1 Jun 20, but will see a gradual increase of personnel working onsite over two or three weeks. Further to that, a number of personnel have already been onsite ensuring adequate setup of our facilities in accordance with the Exposure Control Plan (ECP), which as also been issued.

Managers and supervisors will ensure that employees understand when and how they will return to work, and what their responsibilities are for protection of themselves and of others under the ECP. If there are issues that cannot be addressed at the shop/section level, please pass them up the chain of command for resolution.

Thanks to everyone who has been working hard on critical work, whether that is end-year financial close-out, physical work (and supporting activities) in ships, or preparing the FMFCB for everyone’s gradual return. FMFCB is particularly well-prepared. BZ!

Work Priorities

- Support CAL, REG & BRN to facilitate their return to sea;
- Limited support to DND contractual requirements in VAN & OTT;
- Plan to prepare/support Op & Tech Schedules (WIN; REG; VIC; TEK); and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
