

FMF Cape Breton – Op LASER Update 25 May 2020

**Current Posture:
3C “Protect” - Minimum Manning**

Update Message

FMFCB is on track to implement our limited Business Resumption Plan from 1 Jun 20, with Production ‘3B posture’ starting gradually from 15 Jun 20 – though we have many people onsite this week preparing us to return to a safe, low-risk workplace. Union leadership has been invited to conduct a walkthrough of FMFCB on Tuesday to review the measures that are being put in place. Furthermore, there has been a lot of interaction with other stakeholders in the dockyard, including industry partners, Fleet, Submarine Force and the Base. We’ll inevitably encounter some bumps along the way, but there has been a lot of cooperation and work to ensure this goes as smoothly as it can. If you have concerns, please raise them up your chain, as they may have already been addressed separately, or could be an issue that, if addressed, would help out many others.

The efforts of everyone progressing critical jobs and preparing for our return to work is appreciated, thanks to all!

Work Priorities

- Support CAL, REG & BRN to facilitate their return to sea;
- Limited support to DND contractual requirements in VAN & OTT;
- Plan to prepare/support Op & Tech Schedules (WIN; REG; VIC; TEK); and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
