

FMF Cape Breton – Op LASER Update 30 November 2020

**Current Posture:
3B “Sustain”**

Update Message

Our work at FMFCB has resulted in some successes today – specifically, we finished a work period in HMCS *Regina* so that the ship can sail to support Force Generation, and HMNZS *Te Kaha* sailed for New Zealand, having complete its upgrade program in Canada. This leaves us with only one ongoing work period, in HMCS *Vancouver*, plus critical repairs in HMCS *Victoria*. Great work all around!

We changed to our ‘3B Sustain’ posture as of today. We did this in order to help protect the work force by reducing the risk of transmission of COVID as the rates of infection have been growing on the island. This will help us and our families to stay healthy leading up to the holiday season, and will also help us to be prepared for the four concurrent work periods in January (VIC, CAL, WIN and VAN), dependent on the local COVID situation at that point. Stay safe and healthy!

Work Priorities

- Continue repairs in VIC to support her return to sea soonest;
- Execute work periods to support Op Sched: VAN EWP2;
- Targeted support to DND contractual requirements in OTT; and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
