

FMF Cape Breton – Op LASER Update 19 January 2021

**Current Posture:
3A “Surge”**

Update Message

FMFCB has had another great couple of weeks – our most heavily loaded in a while as we execute four concurrent work periods as well as last-minute repairs that allowed HMCS *Regina* to sail today. On top of this, we have had sometimes limited ship staff support due to their unique quarantine requirements before sailing. Thanks for everyone’s hard work and flexibility – this is what makes us a strategic asset of the RCN.

We also saw a positive COVID case in a ship in which we were working (REG) for the first time. We quickly stopped work there until the risk could be assessed – but based on feedback, we’ll improve our processes to try to communicate more quickly (initially) and to follow up with more detail.

In much sadder news, FMFCB lost one of our own, Mr. Dean Rix of the pipe shop, to illness. Our thoughts are with his family and with all his friends and colleagues here at FMF.

Keep up the great work.

Work Priorities

- Execute work periods to support Op Sched: VIC AMP, VAN EWP2, CAL DRP; WIN SWP;
- Targeted support to DND contractual requirements in OTT; and
- Support other safety/urgent requirements as directed.

*Due to limited capacity, please do not use DVPNI unless specifically authorized.
Report your status to your supervisor daily by 09h00.*
